2020 March Junior Naturalist Program

Reno, NV, March 12, 2020- This Saturday, Truckee Meadows Parks Foundation will hold its monthly Junior Naturalists Program at Virginia Lake Park on March 14th, from 10 A.M.- 12 P.M. During this event, we will teach these young, aspiring scientists about migration and the seasonal movement of animals. Guardians can register their children by following this link: <https://www.tmparksfoundation.org/the-junior-naturalist-program>

The Junior Naturalist Program is a free, outdoor program for children of all ages. Join Truckee Meadows Parks Foundation on the second Saturday of every month to discover and learn about plants, animals, and the environment in our local parks. As part of our Junior Naturalist Program, kids that attend each session will receive a passport to explore their local parks! Each time they attend a Junior Naturalist event, they will get a stamp for the corresponding park. Kids will earn prizes given at the end of the year based on how many events they attend. For more information, check out our website: <https://www.tmparksfoundation.org/the-junior-naturalist-program>
